

St Meriadoc CE Junior Academy Accessibility Plan 2024 - 2027

1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

St Meriadoc Junior Academy aims to reduce and eliminate barriers to the curriculum and to ensure full participation in the Academy community for pupils and prospective pupils with a disability.

The Academy aims to meet the needs of disabled staff, parents and visitors to the Academy so that they are accommodated within our environment, as far as is reasonable practical.

The Academy makes its accessibility plan available in the following ways:

A paper copy is available from the office. This can be photocopied onto a variety of coloured paper if required and can be enlarged to any size.

It is available to download from the school's computer network and can also be accessed via the website.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, the complaints procedure sets out the process for raising these concerns.

2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

St Meriadoc Junior Academy make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

3. Individual needs

Priorities set out in this plan may change to accommodate the changing needs of individuals, as advised by SENDCo (for pupils) and Family Liaison Officer (for parents). The school works closely with the community occupational therapy/ physiotherapy team regarding the equipment loan service for individual pupil's adaptations.

4. Monitoring arrangements

This document will be reviewed every **3** years but may be reviewed and updated more frequently if necessary. It will be reviewed by [the governing board/headteacher.

5. Links with other policies

This accessibility plan is linked to the following policies and documents:

- Risk assessment policy
- Health and safety policy
- Equality information and objectives (public sector equality duty) statement for publication
- Special educational needs (SEN) information report
- Supporting pupils with medical conditions policy

6. Review and Evaluation

It is a requirement that the Academy's accessibility plan is resourced, implemented, and reviewed and revised as necessary. The school will annually review its audit of current provision and will set new targets according to the findings of this review. The accessibility plan will also be reviewed as and when any new children with specific needs join the Academy.

Current priorities

- **Ensure all pathways are clear of obstructions.**
- **Create 1 new accessible parking bay**
- **Re-apply contrasting nosings to external step edges**
- **Fit new hand rails to wither sides of ramps**
- **Provide a permanent accessible space so a hoist can be used**
