

## What I already know

There are 4 seasons: Winter, Spring, Summer, Autumn.

Places around the world can be different.

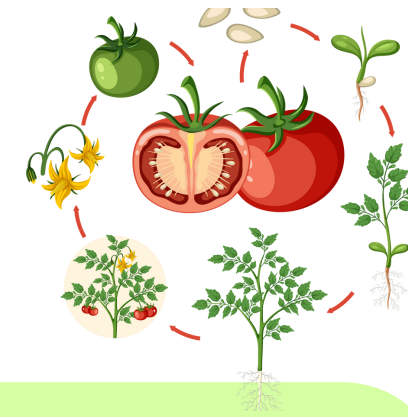

We live in Cornwall which is in England.

# Topic Knowledge Organiser

## Year 1

### Is there no place like home?

## Vocabulary

**Geography:** United Kingdom, country, city, North, South, East, West, England, Scotland, Wales, Northern Ireland, London, Edinburgh, Cardiff, Belfast, English Channel, North Sea, Irish Sea, Atlantic Ocean, physical features, human features.

**Science:** deciduous, evergreen, leaf, flower, petal, fruit, berry, seed, stem, stalk, bud.

## Sticky Knowledge

### Geography

The UK is made up of 4 countries: England, Scotland, Wales and Northern Ireland.

-The capital cities are: London, Edinburgh, Cardiff and Belfast.

-Characteristics of UK countries: England is biggest country. It has lots of countryside with hills and valleys and mountains and lakes in the north. Scotland is in the north of the UK. It has lots of mountains including the biggest in the UK, Ben Nevis and lakes called lochs. Wales has mountains like Snowdon. Some people speak their own language, Welsh. Northern Ireland has Giants Causeway which was made when lava from a volcano cooled and turned to rock.

-The UK is surrounded by English Channel; North Sea; Irish Sea; Atlantic Ocean.

-Physical features are not made by people (mountains, forests, rivers etc).

-Human features are made by humans (buildings).

### Science

-Know the difference between deciduous and evergreen trees.

-Deciduous trees drop their leaves in autumn and grow them again in spring.

-Evergreen trees keep their leaves all year round.

-Identify these parts of flowering plants: leaf, flower, petal, fruit, berry, seed, stem, stalk, bud.

-Identify the following local plants or trees: holly; oak; birch; sycamore.

## Class Stories

The Magic Faraway Tree, Goldilocks and the Three Bears, Stick Man
